**A** Standard Back - 15 Backing Endorsements

Endorsements are the back of the check. They are used to verify the check's validity and to provide a record of the check's history. The back of the check is divided into two sections: the front and the back. The front section contains the check number, the date, and the amount. The back section contains the signature of the payee and the signature of the issuer.

Endorsements are used to verify the check's validity and to provide a record of the check's history. The back of the check is divided into two sections: the front and the back. The front section contains the check number, the date, and the amount. The back section contains the signature of the payee and the signature of the issuer.
